

LOCAL & MISCELLANEOUS

At the Wunderland a stirring place is to prospect to be established at Green Springs, in this vicinity.

At the City Book Store, will be found a choice lot of new books, just brought on from the Publishers. Drop in and examine it.

We notice that the venerable John Dwyer, who was elected to serve the dear people at Columbus, in the postority, is again among his constituents, looking hale. How John managed to resign, we are not advised.

The Cincinnati Daily Gazette comes to us greatly enlarged from its former magnitude of dimensions, and much improved in appearance. Success to the old Player.

The Daily Cincinnati Commercial is also much enlarged. It is a stately sheet, a little too strong for Jackson Township, her bright-eyed, buxom girls, and her independent warmuses! And Tom, my boy, if you don't know that the young men and the pretty girls of Tiffin are honored by being cousins to the youngsters of Jackson, why just set it down, for it is so. "Hoax" indeed! No Sir-e! there is no hoax about it. We have had an intimate acquaintance with warmus wearers, and know that one number 1 farmer's boy is worth all the dicky-stiffened, lardy-haired, stubb-toed, bejeweled, and perfumed brutes that ever did, or ever will walk away their time in Tiffin or any where else.

"He who fights and runs away may live to fight another day."

Every body, and their wives were in town yesterday to attend the "Circus." There will be another to-morrow. The ladies will all be out, of course, for "Lady" equestrians will kick their heels up higher than their heads on horse-back, and an "elegant" young man will appear about as near bald as the law allows. Oh! it will be perfectly delightful.

THE CATHOLIC RELIGION AND HUMAN PROGRESS. — The Universe, the leading Roman Catholic journals of France, and indeed of Europe, lay down, on the 3d of April, the following axioms:

Railroads are not a progress;
Telegraphs are an analogous invention;
The freedom of industry is good;
Machinery deranges all agricultural labor;
Industrial discoveries are a sign of abasement and not of grandeur."

The Pope is like the Irishman who saw a locomotive go yelling by in a dark night, thinking "this must be hell!" Steam, Yankee invention, and lightning are dangerous to the souls of the faithful.

Synod of the German Reformed Church.

The Ohio Synod of the German Reformed Church will meet in this city on the evening of the 14th inst., in the First Reformed Church, and will continue in session for six or seven days.

Though this Synod is a delegated body, it is expected that a large number of ministers will be present. The opening sermon will be delivered on Wednesday evening, May 14th, by Rev. D. Winters, of Dayton, Ohio. There will be religious services every evening during the session.

Alfred Young.

This man goes printing of us, on which he could print leaving a balance of \$200. He left this office and said he would pay up. Then he said a merchant down town owned him, [which we know was true] and that he would leave the money at the bank, not having time to come up to the office again. Having all confidence in his honesty, we did not object, so he pocketed the receipt, lifted his money, forgot to call at any of the Banks, and next morning stopped for Iowa.

That is the way the lying scoundrel took us in, and did for us. Now Alfred, we had every confidence in your honesty, and we are sorry to find you a sneaking, lying, rascal. But you must not suppose you are out of the world. We will publish you, wherever you may go, so that your neighbors will say: "There goes the thieving villain, who swindled his friends in Ohio!" This is no idle threat. We will give you time to pay our bill, and if it is not done, you will hear from us and be compelled to pay it "boot."

We have often lost more money than this, but never under circumstances of so much deliberate and evident baseness, and falsehood.

The Ague has broken loose in this office.

"Shaking teeth out, and toe nails off," which, with a slight grinding of the tooth axis, and sprained wrists, places some of us here down, and leaves the type in the case. If cold steel and chalcolite will count, the Tribune brigade will be all right next week.

We take pleasure in inviting the attention of the public to the card of L. W. Sare, M. D. D. S. is a young gentleman of excellent character, and from statements of eminent physicians, elsewhere, he is an able and skillful practitioner. We recommend him to our friends troubled with diseases of the ear and eye, or other ill incidents to health.

O. J. VICTOR writes a very apt article to daily dazzling days, and, after the manner of ancient sages, philosophizes them into the most delightful periods in human existence. There is considerable of the romance of the knight of La Manche in such a fancy. We would like to hear Vic. philosophizing some miserable study drizzling day, while out for a twelve hours' ride with a crippled horse, in a Wood County road. We think he would be coming over Pollock's Hades, instead of Byron's solitude.

For the Tiffin Tribune.
May Party in Jackson.

Mr. GRAY: We noticed in the Tribune of April 4th, an article relative to our May party, suggesting to us that an invitation to our "cousins" in Tiffin would not be considered amiss.

We would respectfully announce that the Committee of Arrangements met, May 8th, and chose SAMAR FIELDS May Queen. The article in the Tribune was then presented, and we must confess that we were struck with astonishment to hear that the wife of the great City of Tiffin had called "The Jackson township Red Wauwas Gungender Tribe" our cousins. Some said it was intended as a jest; but all agreed that, mean what it might, it was a great concession to nothing but "frolic" at all. It was unanimously resolved that we extend a general invitation to every friend of mental progress in Seneca and adjoining counties, and a particular invitation to WARREN P. and HARRIET NELSON, Jackson's favorite school boys, to meet with us.

Rev. FRASER is to be the orator of the day. Remarks will be made by others.

The May party will be held in "Trumbo's Grove," thirteen miles N. W. of Tiffin, on Saturday the 17th of May, commencing at 9 A. M.

Charges open us from the East, the

West, the North and the South; and rest assured that Jackson will be there. Come and see us at home—just as we are, and decide for yourselves.

One thing we will assure you: that Jackson has the prettiest girls in the County!

By order of the committee of arrangements.

THOMAS PENNELL.

Marriages.

At the Shawnee House by N. Reddy Esq., Mr. WILLIAM ALLEN, of Cleveland Pa., to Miss MARY VANDERBILT of Kent township Dennis Co. Compliments of Chas. D. McKEON, of Tiffin Ohio, to Mr. W. C. Gray.

Urings, May 1st, 1856.

The above came in the same package with a few lot of oaks; we therefore interpret it to mean that Charley and Elias are that day wedded into one.

A printers blessing on the happy union.
